

HTA ESIG

---

# HTA ESIG members for adding value over many years

- Started with 11 members from 9 companies/consultants
- Few statisticians understood HTA
- Big opportunity to show how statistics can influence and be involved in HTA strategy and HTA analytics
- Statistical Leaders 2010 “...I don’t understand what my HE colleagues say, it is like they are speaking a different language...”
- Presented at many scientific conferences on hot topics
- Annual 1-day HTA meetings
- Publications relating to HTA best practices, methods, subgroups, indirect comparisons, PROs, treatment switching
- Reviewed HTA guidelines
- Round table Q&A with HTA agencies
- Significant progress made with increased awareness and understanding of HTA
- Currently 40+ members from 25 companies/institutions
