

Next Generation BBS Seminar on WED, 21st JUNE 2023, 14h - 19h

In-person only @ Novartis Campus, Fabrikstrasse 6, Auditorium U2

With a focus on soft-skills, professional development, and networking, this in-person meeting is specifically dedicated to support the next generation of statisticians and quantitative scientists in the pharmaceutical industry.

This support is key to driving quantitative excellence and interdisciplinary collaboration beyond the project and methodological work inside and outside of our companies, as well as increasing the visibility of our work.

The target for this event will be networking and hearing the needs of the Next

Generation statisticians and quantitative scientists in the pharmaceutical industry in order to succeed in the future and to become influential. This is a space where we can express our ideas, unite our voices, and create opportunities.

Participation is free of charge.

Please register via the following [link](#).
